SOLDIER BOYS RETURN

The Welfe Tene Guards Arrived From Port Bills Testerday.

ALL HAD A SPLENDID TIME

Though They Were Kept Pretty Busy-Loud in Their Praise of Boseman and the Hospiality of its People.

This fast has often been commented upon by military authorities, who have visited the city and seen the company on parade. The members of the company all say that they had a splendid time while away, and the week's camping trip did them good in every way. They learned a great deal in the way of military science and training. Aithough a large portion of their time was taken up with hard work, they managed to take in the sights of Boseman, and are loud in their praise of the wholesculed hospitality of the people and the beautiful location of the city. They all fell in love with the town, its beautiful streets and avenues lined with trees, and the pretty lawns and gardens that surround every dwelling there.

There was nothing to be heard but kind words for the staff officers and the esprit de corps that animates nearly all military regiments is also a distinguishing feature and the boys are all justiy proud of their colonel and his junior officers.

Camp was broken at Ft. Ellis Sunday night and the orders issued for the men to be ready to take the train at 6 o'clock that night. They had a very weary wait, however, as the train did not arrive until 7 o'clock in the morning, so all the boys were pretty well tired out when they reached Anaconde.
